MC Metal Ceiling Loudspeakers

MC – metal ceiling loudspeakers with built-in 100V transformer. Ultra slim design of the speakers makes them ideal for installation in low space or minimum clearance situations.

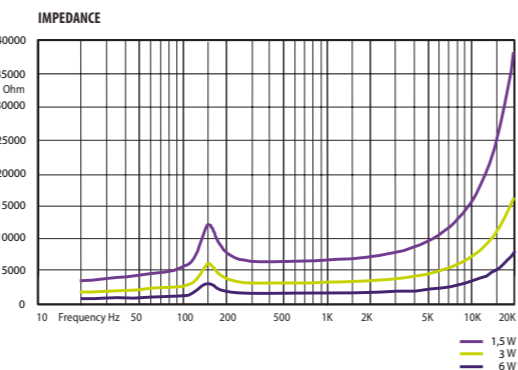

MC 4TA & MC 5T

Quick fit clamps allow easy and quick mounting into false ceilings. MC loudspeakers have powerful middle frequency sound reproduction and high sound pressure level (SPL). The MC series is perfect for speech announcements in emergency systems where public address is the main requirement.
