

19" FHD MONITOR

This series of Touch Monitors from 10" to 32" diagonal is perfect for a wide range of applications including but not limited to Digital Signage, ATM, Kiosk, Advertising and Information Displays.

The built-in Android OS 11 running on a Quad Core CPU adds to the versatility of the monitors. Apps can be downloaded and run on the monitor for various applications.

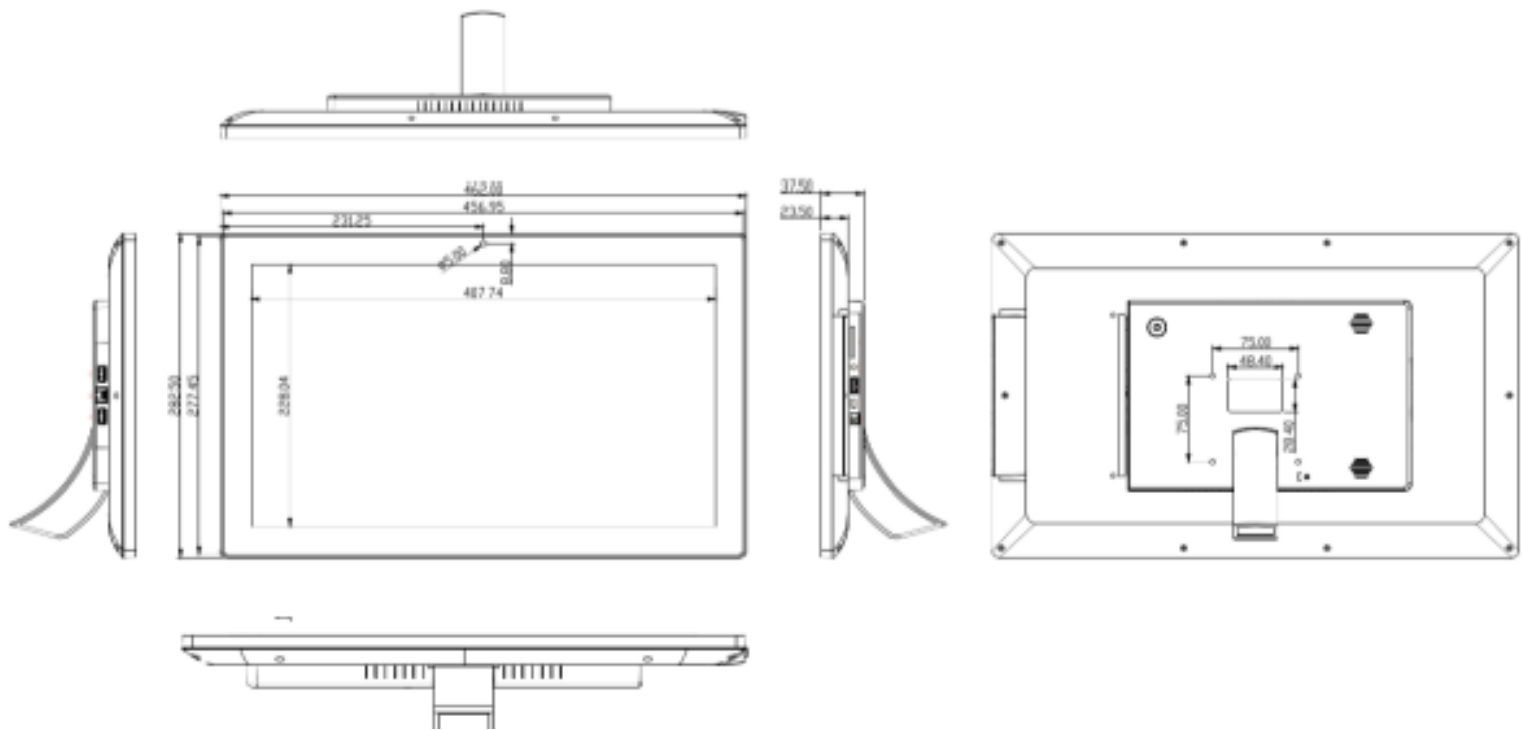

Most of the popular Video and Photo formats are supported. There is HDMI output on the monitor supporting 2160p output, 4K video playback, allowing dual monitor display.

Key features:

- VESA mounting holes for ease of installation
- High Integration with LAN, Wifi, Bluetooth, Audio Amplifier, SD Card, Microphone on monitor
- Supports 1000M Ethernet
- 10 Point Capacitive Touch (Available in non-Touch version)
- Extremely reliable supporting 7/24 operation
- Android 11.0 Operation System
- Rich Functions: Horizontal and Portrait Mode display, Split Screen, Dual Screen, Timer, etc...
- Compatible with most popular Signage Management Software
